

For Immediate Release

R+L Global Logistics Remodels Laredo Office, Adds Jobs.

Laredo, Texas, 01/ 27 /2015 – R+L Global Logistics, the world class provider of global transportation and logistics services, is pleased to announce the official ribbon cutting of their newly remodeled Laredo, Texas service center on February 5, 2015. This newly renovated and expanded facility is another step in R+L Global Logistics commitment to supporting its suite of supply chain services such as international shipping solutions, Mexico services, customs brokerage, intermodal, LTL, FTL, ocean, air and warehousing services.

The renovated Laredo facility will feature a fresh new working environment which will allow the company to more than double their current staff of logistics professionals. “With facility and infrastructure improvements, R+L Global Logistics can continue to focus on its growth. Our goal is to grow the local Laredo professional team in 2015 by an additional 10-15 employees,” said Monica Garcia, Senior Account Executive, Mexico Services for R+L Global Logistics. "We're looking for the best and brightest candidates who fit our company culture. We are excited to speak with up and coming business professionals who are eager to start their careers" said Debra Hernandez, R+L Truckload Training and Brand Coordinator.

The Laredo Chamber of Commerce and their Bienvenidos Committee will assist with the official opening of this newly renovated office located at 4310 Pan American Blvd. Laredo, TX with a ribbon cutting ceremony. Speakers at this public event will include Rob Bowman, President of R+L Global Logistics and Alfredo Rodriguez, Vice President of Logistics West at R+L Global Logistics. The R+L NASCAR race car will be at the reception and refreshments will be provided following the ceremony which kicks off at 2:00pm.

Focusing on supply chain solutions for businesses, R+L Global Logistics mission is to make shipping freight easy by offering a “one stop shop” solution for all of their clients. R+L Global Logistics was formed in 2009 and has experienced phenomenal growth with 15 locations since its inception. They provide fully integrated supply chain solutions in the U.S. and throughout the world.
